

GagaRoom TLV FAQ

Q: Can I take just some of the GagaRoom TLV program?

A: Participants should commit to joining the full 5 days in order to enjoy the most meaningful process and contribute to the group. If you are not available to be present in Tel Aviv for the full time, you are welcome to participate in our other programs instead.

Q: Is GagaRoom TLV open to people without Gaga experience?

A: GagaRoom TLV is specifically designed for people who have already immersed themselves in ongoing Gaga classes - and perhaps enjoyed some of our workshops - and are interested in researching the language further, undertaking a meaningful process in a supportive peer community, and building more connections between their daily lives and Gaga. The participants' previous experience forms a significant foundation for the material of the GagaRoom TLV.

Q: Why do you require a written application and photo?

A: We want to get to know you! GagaRoom TLV will be even more interactive and personalized than our ongoing classes. Your materials will help us recognize you and enable us to better tailor the course to the members of this group.

Q: Why do you recommend that participants take other Gaga classes during the course?

A: Tel Aviv is Gaga's center for research, and our daily classes at Suzanne Dellal are taught by a large roster of our most experienced faculty. Each additional teacher you meet in these classes will offer an additional layer to your research, helping you to create connections, generate questions, make discoveries, and reflect on the GagaRoom TLV sessions as well as on your individual process.

Q: How will I register for the additional Gaga classes during the course?

You will need to download the Gaga app and will receive a 6-class card valid for the week of March 27. Registration for classes is on the basis of available space. More details will be provided prior to GagaRoom TLV.

Q: Do you have any recommendations for housing?

A: Tel Aviv has many hotels and hostels as well as AirBnB apartment sublets at a range of price points and with varying amenities to suit your individual needs. We recommend you look at the distance between your housing options and our studios at the [Suzanne Dellal Centre](#).

Q: I have another question that's not listed here. How can I get my answer?

A: Contact Alissa at gagalab@gagapeople.com
